

YPSOMED PUMP SCHOOL

In order to be prepared for training, please take the time to do the following to ensure that together we can optimize your learning experience:

1. Open your box(s) and take everything out.
2. Insert the battery in your Ypsomed pump and ensure it is fully charged **before** your appointment.
3. Click on the following link to view the Ypsomed training videos:
<https://www.ypsomed-diabetescare.com/en-CA/services/handling-videos.html>
4. Program time and date into the pump, practice button pushing and familiarize yourself with the menu options.

Call Ypsomed Customer Care at 1-833-695-5959 if you have any questions before your training date.
