Friday, September 6, 2019

Dear Parents/Guardians:

This school year the St. Ignatius Community will be kick starting the school year with its first of a kind fundraiser Dunking for Diabetes. This fundraiser will provide a fun, entertaining, and educational way to bring our school community together while helping to raise funds for the Charles H. Best Diabetes Centre.

The Centre is a Registered Charity that raises the majority of their revenue through various fundraising activities. St. Ignatius is proud to show support towards such a great establishment that promotes positive integration of diabetes management into the daily lives of children, youth, adults, and their families throughout life transitions, through ongoing, comprehensive education and overall management.

Up until the day of the event we are asking participants to help “Walk for the Best” through fundraising. You can donate online, collect pledges in person or even make an apparel purchase to show your support. Socks will be sold for \$10, t-shirts for \$20 or a combination of both for \$25. All monies raised will go towards The Charles H. Best Diabetes Centre. Please fill out the form attached and return with money.

A pledge form has been provided in this package for your convenience but you also have the option to print another OR create a personal online fundraising page on the link provided below to track your online progress. Any donation of \$20 or more will have receipts issued. Together everyone achieves more so let’s help to dunk diabetes and turn Type 1 to Type none! <https://www.charleshbest.com/dunkfordiabetes>
